## Now Is the Time Cry Freedom's Cosmic Light!

Blessed Disciples of the Ascended Masters,

**I** the Goddess of Liberty, have come to deposit within the Earth, and most especially within the folds of your garments, a portion of Cosmic Light. This will prepare the way for the greater release of Cosmic Light that will come forth during the cycle of the Freedom Conclave, to be convened by the Ascended and Cosmic Beings who assist the Sons and Daughters of God upon Earth.

Look to this greater impetus of Cosmic Light within the Earth so that the elect among our disciples will invoke this Flame of God into their being and receive our Light. Understand that greater pressure of this Cosmic Light will be released through these Messengers and will be anchored into the mental, the physical, and the emotional octaves of the planet. This will manifest as a pressure of Light from within out, igniting the Fires of the Heart, that all the Sons and Daughters of God may have a greater opportunity to receive the blessings of their own Mighty I AM Presence and the knowledge that comes forth when they are in attunement with that Flame of the Heart.

I have requested that you stand so that you will have the straightness of your own spine and thereby greater opportunity to receive this Current of Light flowing unimpeded from the top of your crown to the tip of your toes for the duration of my Presence in your midst. Know well, Blessed Ones, that, as you have been taught, the Light is not always comfortable. But it is of great benefit, as are all of those God Qualities that you should be embracing to help you accelerate on the Path. The attainment of Wisdom, Peace and Harmony, as well as the development of Strength and Courage, are required for you to stand and keep standing until the Victory of your Ascension.

This occasion, Blessed Ones, is an opportunity for you to discover if you are indeed able to stand for the Light and for your own God Presence. We do not often throw down the gauntlet as a test so obvious to your outer consciousness. But this is one cycle, Blessed Ones, when I desire for you to examine those aspects

of your own life wherein you have continued to cry defeat when you are required by us to strive for greater mastery in those very areas. It is time for you to "Cry Freedom's Cosmic Light!" so that you might have that Light begin to move through your vehicles of consciousness and accelerate upwards to that very keynote of vibration which is required for you to gain attainment and mastery, balance your own karma, and fulfill the inner commitment and vows of your Mighty I AM Presence. And all this so that you might gain your Ascension at long last.

These cycles of our Cosmic Light that you are called upon to enter into do indeed require preparation and training. Many of you who are the disciples of the Ascended Masters have taken in earnest the commitment required for your lifestream to accelerate. Know well, that to enter into this Cosmic Light during this coming Conclave, you must prepare the physical body, the mental body and, most assuredly, the emotional body. For where there is adequate preparation and balance in your life, you will be able to hold fast to the greater increments of Light that we will deposit. You will be your own magnificent clipper ship, with all sails unfurled and Maitreya at the helm, charting your course straight to your Ascension!

When you establish your own example of a Golden Age of One, you will be able to inspire those possessed of human doubt, fears and questioning, and unable to put aside the clamorings of the human creation within their own world. You will, Blessed Ones, be the one to set the example regardless of whether your communication is with one individual or hundreds or even thousands. You, Blessed Ones, will set the bar most high for others to strive toward and to attain.

Is this not the example that the Ascended and Cosmic Beings have set for you? Is this not the example that your own Presence has released into your consciousness as you have become aware of the Mighty I AM? Is this not the requirement to become the Christ where you are? Within the Mind of God there is held for you that pristine Perfection that has issued forth since the beginning of your own Individuality. It is the intense desire of your God Presence that you return to the conscious state of awareness of that Perfection.

Throughout the Cosmos, the great womb of the Mother Flame has wrapped her garments about every aspect of matter coming forth through the directed Consciousness of great Cosmic Beings and Builders of Form. Blessed Ones, your own physical body is a product of the Consciousness of those Great Ones having sent forth the commandment, having held within their Consciousness the awareness of what was required for the Sons and Daughters of God to have the right vehicle through which to outpicture their Destiny and to fulfill their Mastery.

You, Blessed Ones, can appropriate the Great Cosmic Light of the Mother Flame into your being. Each time you awaken on the new day, you put on a certain increment of that Light, not only in thought, but through your emotional body and within your physical body. This fabric of the Cosmic Light of the Mother Flame desires to be woven into every creative endeavor you bring forth as Purity of God, as Beauty, Wholeness, and the Abundant Life.

Every Son and Daughter of God in embodiment must know how to integrate this Cosmic Light into this physical octave. Were it not so, you would have

never taken your very first incarnation. But the I AM Presence, desiring to create worlds and to perpetuate God through all of Life, to be of greater assistance in the great Divine Family, desired that you come forth as this outer extension of the Mighty I AM in order to understand and master the great waters of life, the air, the physical octave, and the Akasha.

Blessed Ones, you are about the Father/Mother God's Divine Intent for your lifestream! Allow for the preparations to begin in earnest so that you will be prepared to bring forth the sun of creation, to bring forth those creative endeavors that are to descend through your lifestream and be a part of the building of the Golden Age. Then those Etheric Cities within the upper atmosphere will be drawn into closer proximity, for the vibration of the Sons and Daughters of God will have prepared the way, elevating the awareness, the consciousness, the very vibration of the Earth body in the physical octave itself, allowing the etheric realms to approach closer and closer and become a part of the fabric of day-to-day life.

Each one of you knows well that to adopt an Ascended Master Way of Life requires that you put aside those human expressions that would not rise to the level and Vibration of Christhood. Blessed Ones, the same will be true for the larger communities, for countries, for the Earth body itself. For the Golden Age to descend, there must be multitudes in the physical octave trained to hold fast to the Vibration of an Ascended Master Way of Life, to hold that rarefied atmosphere within their lifestream, nurturing it and, through the Cosmic Light of the Mother Flame, bringing about the blending together of spirit and matter into that Divine Estate, into the present moment.

You, Blessed Ones, are our disciples with sufficient Christ attunement to hold fast to that Consciousness of the Mind of God, perpetually radiating further and further across the land. The anchoring of this Light will portend such a great release for the Earth, and an acceleration that has not been seen for some time.

Blessed Ones, prepare ye the way for the Cosmic Beings who will release this Light. Prepare your vehicles of consciousness. Prepare your temples. For the Light will descend. If you are not ready, you will be the one found wanting.

I AM the Goddess of Liberty. The Karmic Board stands with me in the release of this Dispensation. You may petition the Karmic Board so that you might have set aside certain karmic patterns in your own world, thereby enabling you to receive the greater impetus of this Light. These petitions must be received at this Altar no later than one week before the Freedom Conclave begins so that there might be time for our deliberations. These will be the petitions to the Karmic Board during this cycle. I trust that you will take every opportunity to follow my prompting.

Be sealed in this Cosmic Light this day so that this Light will continue to bring forth the fruit of Christ Consciousness in your own countenance.

I thank you.
