## The One Tone

I should like to address you this day regarding the One Tone. Each of you can imagine that One Tone as played by a musical instrument or projected from the voice. That Tone may seem to have only a singular dimension perceived by your outer ear as resonating only one simple frequency. But within the One, there are contained vast worlds of Tone, Harmony, and the Music of the Spheres. How can this be when you are sure you only hear the One Tone? How can it be, that when an Ascended Master speaks you hear only the one Ascended Master, the one Message, the One Voice? And yet that One is a focus for the *Entire Spirit of the Brotherhood of Light*, representing all of the varied dimensions of God Consciousness as outpictured through the unified Causal Body Momentum of all the Ascended Ones.

The principle is the same. What you are able to perceive with the outer ear only contacts the most dense elemental, most physical aspect of that single Tone. Your inner ear is able to perceive even higher octaves of that single Tone or note. When that vibration of the single Tone registers upon the Heart Chakra, the dimensions open wide into the myriad vast universe that is held within the Tone. This vast universe can be read within by the Heart, reaching to the furthest point of the universe and beyond. The Tone that has resounded continues on in very subtle and almost inaudible dimensions, out from and all the way back to the Great Central Sun, and then returns Home again, resting back in the Heart of The One from whence it was sent.

Out from the Great Central Sun this Tone goes on and on until it affects the entire universe! For it goes through all time and space, all dimensions and planes of consciousness, and continues to vibrate. That vibration, born of the purest and perfect Tone, will last throughout eternity. Those tones emanating strictly from mortality that do not carry Perfection but instead carry distortion are lodged within the psychic and astral planes and not allowed to move beyond. They remain there until such time as the Law and Grace of Forgiveness, through the Violet Flame, transmutes all that is impure and frees the perfected Tone to go on its way once more. This, beloved, is the expression of the Music of the Spheres. This is how all of Life unfolds through the Pure Tone of Creation, the Essence of God Being and Coming-to-Be in all its magnificent variations!

When you hear the Voice of the Ascended Ones, they resound the Tone of Perfection from the Essence of the God Qualities of *their* own perfected Momentums, garnered within the vast works of their Causal Bodies. And as that Tone comes forth, it carries within it the Allness of God, which is Perfection. This is how the Tone of the Voice of an Ascended One is likewise emanating the very Essence of the Perfection of all Ascended Ones. This is how the *Entire Spirit of the Brotherhood of Light* emanates an Antahkarana. Yes, an Antahkarana of Light that moves as one single Voice, one single Tone, one single Vibration, and only allows for the permeation of all space where it resounds to reflect the Purity of God.

Heretofore, you have thought that the words that you spoke or the song you sang were only for the outer ear, only to register upon the hearing of those who might be close at hand. And what harm could it be if you spoke in anger? What harm could it be if you elected to engage in a rhythm that was jagged, a tone that was dissonant? For to your understanding, it would fall silent just beyond the scope of your outer ear and be no more.

Blessed ones, now you have a greater understanding for every aspect of the creation of the word, of the tone, of the sound that you emanate. It matters not if it falls audibly on another's ear, it nonetheless continues on and on, affecting all life of this Earth. Let not the words that you speak, nor the vibration with which the tone is sent forth, carry any vibration but the Light of your Heart in its most pure intent. Then you will be engaging in bringing forth beautiful creations of life in your home, on your Earth, and in the Cosmic Byways which you, too, traverse when out of embodiment and even while you sleep.

The Ascended Ones do not desire to enter a forcefield where there is any vibration that is out of the Perfection of the Tone of the Ascended Octave of Light. It is not because they would not come. It is because Cosmic Law demands that no tone be consciously distorted or rendered impure. Likewise in honor to God in Life, there is no time when an Ascended One would allow for such a desecration to occur in their immediate Presence.

Would you not consider it a great honor to hold high the Pure Vibration of God? For all of your life to emanate from your own world, your chakras, with the purest Vibration, sending forth all of the Pure Tones, all of the Pure Colors, all of the God Qualities and Christ Virtues that are inherent within your own Causal Body, allowing for this music to fashion the world around you with the Beauty, the Design, and the Essence of God?

This is why you desire to be an Ascended One, to live among those who have perfected their worlds held high to the standard of God, who have recognized the True Reality of Being. You can have that True Reality of Being where you are, to a greater or lesser extent of your consciousness, but know that it must be your creation. You have fashioned the world as you have perceived it. Look around you and decide if this is the highest to which you aspire. Now you must give it the color and design that your Heart sends forth as the Divine Tone and Vibration.

We send forth Anointed Representatives® to bring you all of the possibilities to aspire to, for you to have a glimpse of the Reality of who you are, for you to be reminded of the inner vow and commitment to your own God Presence. To know of the Ascended Ones, to have a glimpse of our Retreats, and of the many higher experiences that you have not yet learned to recall. But most importantly, to sound the Pure Tone and to send forth the Voice of your Presence together with that of all the Ascended Masters in one resounding chorus of Freedom for your lifestream!

Guard well the tone that you send forth. And listen, attentively, to the Inner Tone that the Heart of your own God Presence is eternally resounding!

*The Maha Chohan*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
